

Record of the minutes of an emergency meeting of the City Council of the City of Minto, Walsh County, North Dakota, held on April 28, 2022, at 12:00 PM.

Mayor Larry Jamieson called the meeting to order. Present were Councilmen Lucas Kelley, Keith Shutt, & John Narloch. Councilman Thomas Sitzer was absent. A quorum was established.

Mayor Jamieson turned the meeting over to Mr. Pat Paschke. Mr. Paschke explained the north lift station is not pumping to the lagoon. Over the past three days, there have been numerous contractors and professionals at the lift station trying to either fix the problem or giving their advice on how to fix it. So far nothing has worked. The best-case scenario is that the pipe going to the lagoon is plugged. It has been suggested that we perform a fire flush to clear this blockage. North Dakota Sewage Pump & Lift Station can help the city with this, but they are extremely busy due to the flood events happening statewide. We are on their list so hopefully they can get here sooner than later. Mr. Paschke will also be investigating other possible issues causing this problem. Worse-case scenario the lagoon may have to be dredged and the sludge removed. Mr. Paschke will keep Council apprised of the situation and contact them if he needs assistance.

There being no further business, on a motion by Narloch, seconded by Shutt, and carried, the meeting was adjourned at 1:00 PM. The next regular meeting will take place Monday, May 9, 2022, at 12 PM.
